

Corporate or Group Rates

With large classes we often send extra instructors or a teaching assistant, therefore, discounts are based on the number of individuals who attend the course, not the number scheduled.

- 10 participants or more = 10% off regular rates (noted on the website)
- 20 participants or more = 20% off regular rates
- 30 participants or more = 25% off regular rates

We are always happy to be given the opportunity to price match. Please simply show us the invoice from your last class and we will let you know if we can match that rate.

Evening, short notice, holiday courses and courses out of the Bakersfield area, do not qualify for discounts, unless specifically negotiated before the course.

Thank you for considering us for your course. We love what we do and it's our goal to teach the highest quality classes in a relaxed atmosphere that will empower your staff in an emergency.

Sincerely,
Vilate Bentz-Bolanos RN
